WASHINGTON, May 19—The House Postal Committee have reported on the Pacific Mail subsidy. The report says the only question which the committee feel called upon to consider is the simple one as to whether the contract has been complied with, and whether non-compliance has worked a forfeiture of the rights of the Company under the terms of the contract regarding the performance of the additional service by American built iron ships, [illegible] was register to commence October 1, 1873, and that interpreting the terms of the contract as they feel bound to do they do not see how they can accept the declarations of the Company as to the causes of delay in providing the required ships, and they accordingly find that such failure actually works a forfeiture of rights of the company under said contract. The question of American commerce to which the testimony of [illegible] was chiefly directed the Postal Committee do not regard as legitimately before them. They refer to the testimony of Trenor W Park as to the so-called corruption fund of $750,000 and its alleged absorption by the agent to whom it was entrusted and say that admitting the management of the Company are entirely ... in the matter the fact remains that the old ... consented to setting aside a fund for ..., and that if corrupt means were employed to secure additional subsidy Congress should not hesitate to declare said additional subsidy forfeited on any ground, either technical or real. After a personal investigation, and from other reliable information, they find that the Buck Lake pass at this time has from 5 to 10 feet of snow for a very long distance which renders it entirely impracticable for a wagon road except for late summer and fall travel. They have therefore, abandoned all attempts to locate a wagon road by this route and have advertised for contracts to work the road by way of Green Springs and Jenny Creek.

WHAT AN OREGON FARMER THINKS OF MR REID'S PROJECT

AMITY, May 19, 1874

TO THE EDITOR OF THE OREGONIAN

In your paper of May 18th I notice a proposition or the outlines of a proposition to the farmers of Oregon to become stockholders in a ship line from Portland to Dundee Scotland. As I understand the proposition it is to secure the tonnage of this State and Territories at very cheap rates we to put ourselves under contract to load this line for a very small consideration, viz the privilege of owning one tenth of said line, divided into numerous shares so small that no one would ever take time to look after them. It would be a short lived thing for the want of natural breath. I think the grain tonnage of the Columbia can be secured to the port of Dundee on the following terms. The farmers will ask to own one half of said line and will enter into contract to load said line from this port to the port of Dundee, provided the Dundee end of the line will furnish ships of suitable capacity or the money to build them at the usual rates of interest in Scotland, the farmers giving ample security for their interest in said ships. They will ask the loan on these terms for the consideration of agreeing to load said vessels.

The Oregon farmer is well aware that he is raising the best wheat in the world; that his lands never refuse to yield an abundant crop; that the bread eating world will give his wheat the preference even at a higher price and in less he can enter on a line advantageously he had better help to work up competition

THE MALHEUR WAR

A MUSICAL MESSAGE FROM THE FRONT—THE MALHEUR AGENCY LOSES CONFIDENCE IN ITSELF AND APPEALS TO THE MILITARY—THE MEETING OF THE CHIEFTAINS

[FROM OUR SPECIAL CORRESPONDENT IN THE FIELD.]

CAMP ON MALHEUR RIVER,
INDIAN AGENCY, April 7 1874

As it may interest some of your readers to know something of the doings among the Piutes in connection with the recent disaster at the Agency I give a short account of the whole affair as it occurred

Sometime during the month of February last a special messenger arrived from the Agency with most startling news which tended much to make an inroad into the quiet and peace pervading camp. Notwithstanding we were living amid the wilds of an unknown country with from 10 to 20 feet of snow in whatever direction we might turn, still sure enough the messenger arrived having made the riffle in ten or twelve days. The Agency is about fifty miles distant so that the time made was good time. It was a 2.40 time—if not more so—and any man who says it wasn't, is a —— a —— yes I guess he is—unless he is running for Congress, or State Senator, and then he isn't. But all jokes aside fifty miles in ten days is good time.

The visage of the messenger on his arrival in camp was most pitiable to behold and none who saw him but shed tears of sympathy at his unfortunate condition. As he rode up to report an ashy pale covered his face then a crimson red black yellow green, blue and all colors could be seen to change with every effort he made to speak. Excitement fear and demoralization were all combined in the state in which the unfortunate man reached camp. The most intense sympathy was expressed for him and every effort made to control his agitation and excitement. His head was shaved his back rubbed with a brick and his brains taken out and washed but all to no effect. Several gallons of whisky was next suggested, but without any visible effect. Some one then suggested as a last resource, a keg of powder mixed with five gallons of hot brandy and a hot bath and then we got the startling news. With wild excitement the man threw his arms about his head, exclaiming—"The Indians! the Indians! Oh! oh! Save my hair!" and fainted. At last by persuasion and threats we managed to learn that the Piutes were certainly there and had been there for a year or two, that they had outraged the feelings of the Commissary of the Agency, by asking for and even demanding flour, sugar, beef, blankets and many other luxuries furnished by the Government for the exclusive benefit of white men employed at the Agency. The idea of an "injun" wanting a blanket or beef! It's absurd to think of it. The miserable half starved vagabonds had actually demanded muck a muck, and some, more daring than others had the impudence to ask for tea! Just imagine the "Great American Tea Co" importing tea from China for a lot of heathen Siwashes! The wretches also aggravate the sensitive feelings of the Agent, by professing belief in Spiritualism. "The spirit of We-ha-waw comes to us" they say and encourages us to emulate their noble and warlike deeds. "Away!" it cries, "to your mountain home where the camas and the sage grow luxuriantly where the buzzard and coyote prey upon the carcasses of the pale faces, and where the cricket and the grasshopper make our daily food."

This was too much for the Agent (who, by the way, is a patriotic man and willing to sacrifice *all* his relations to the vengeance of the Indian Bureau, and give them all soft places at the Agency). A request was made for a detachment of troops from the military post to stop the effusion of—(blood I was going to say)—bed and blankets. A command of 25 cavalrymen were at once started on snow shoes to the scene of action. Horses travel remarkably well on snow shoes in this country when properly trained. Well after two months travel we arrived at our destination. It was at first thought that the more direct route would be *via* San Francisco but upon further consideration it was decided to go by way of the Columbia river and Canada. We put on our most august military frown, our dignity and our hair standing on end. Indians to the right of us, Indians to the left of us, Indians in front of us. Indians everywhere anywhere and nowhere. Our leader at once ordered a charge (of pipes and tobacco) and at the same time commenced a severe interrogation of the Great Chief Ovtz of which, with the answers the following is a synopsis

Officer—What's yer name and who are you?

Indian—Me big Chief, me injun—Ovtz

Officer—Do you know who I am?

Indian—Me no sabe, me no care a cent

Officer—I am a great white Chief, and can whip you in about two minutes and a half

Indian—White man heap talk, heap cultus

Officer—You've got to shut up that's all

Indian—White man lie, heap lie, me injun talk good. Me want some tobacco

Officer—Did you say you had talk with the spirit of We ha waw?

Indian—Yes me see We ha-waw all time

Officer—You're a liar, and a thief, and no gentleman you're a coyote

Indian—Dog of a pale face! dare to speak thus of the noble red man of the forest! Go ere it be too late

Just at this moment a stampede occurred among our horses, and all hands ran to see what new trouble surrounded us when it was discovered that a crow flying over camp had dropped a grain of barley and every horse in the command broke for that grain of barley, and thus the pow wow ended. Yours

WAR WHOOP

(N B—Our horses had been without barley for some time.)

JAY COOKE'S AFFAIRS.—A dividend of 5 per cent in cash will soon be declared by the Trustee and Committee of the estate of Jay Cooke & Co. The Trustee has been further authorized to make a final settlement on the basis of 15 per cent in cash and 85 per cent in various securities held by the bankrupt firm. In case this arrangement is carried out Northern Pacific will be put in for 50 per cent of the indebtedness and will be rated at 70 cents on the dollar. So Northern Pacific has not gone by the board, and there may yet be a harvest of railroad advertising for the *Advance* and the other religious newspapers.—*Chicago Tribune*

S T Gosa who was sentenced to the Penitentiary a few months ago from Columbia county has been pardoned out by the Governor, in accordance with the petition of a large number of citizens.

A HERO.—Yesterday there were published in this journal the particulars of the tragic death of young Sutton, who fell from a train at Burgettstown and sustained injuries which afterwards proved fatal. It appears that the unfortunate young man had been instructed by the conductor of his train Mr Peter Wynne to go to the rear and flag another train. While proceeding to comply with these orders he fell upon the track and was run over by five cars and the caboose. His legs were cut off just above the knee, but young Sutton remembered his orders, cleared the track of the dismembered portions of his own body, and taking a flag from his pocket waved it until he had stopped the train which was fast approaching. But for this heroism other lives must certainly have been lost as a collision was inevitable.—*Pittsburg Dispatch*

PLATFORM

Resolved 1. That the compensation of Clerk and Sheriff of this county should be fixed salaries not exceeding for the Sheriff, $3,500 and for the Clerk $3,000 per year, that the law allowing fees to these officers, taxable against the county should be repealed, and their other fees should be reduced to the rates allowed under the law of 1870 such fees (except mileage of Sheriff) to be collected by the respective officers and paid into the County Treasury; that each of these officers should be allowed such number of deputies as the County Court consisting of the Judge and Commissioners should determine to be necessary and such deputies should be paid out of the County Treasury salaries not exceeding $100 per month each

2. That there is no necessity for more than one Assessor Treasurer or tax-collector for the city and county and the duties of each of these officers could be performed quite as well and more economically by a single officer for both city and county; the compensation for such duties to be apportioned between the city and county according to a fair estimate of the work required by each

3. That the appropriation out of the County Treasury of moneys as salaries for jailor and janitor is a violation of law and a disregard of the interests of the people of Multnomah county and the candidates named by this Committee for Judge and Commissioners are pledged, if elected to discontinue such appropriations as well as all others not necessary in the administration of county affairs

4. That the Charter of Portland should be so amended as to make the Board of Police Commissioners consist of the Mayor of the city (who should be the President of the Board) and two Commissioners appointed by the Governor and the Common Council should have power to fix the number of police officers by ordinance

5. That we heartily approve of the exertions of our delegation in Congress in behalf of the Portland, Dalles and Salt Lake railroad; that we regard the building of said road as essential to the development of this city and State, and the candidates named by this Committee for the Legislature are instructed to secure if possible such legislation as shall give the right of way for said road through this State, and to endeavor to secure the adoption of a memorial asking Congress to aid said road

6. That there should be passed an efficient law providing for the registration of voters to prevent frauds in election

7. That the candidates named by this Committee for the Legislature are pledged to endeavor, if elected to secure legislation in accordance with these resolutions and to exercise and demand the most rigid economy in all departments of the public service and to reduce taxation in every practicable way

THURSDAY MORNING, MAY 21 1874

FOR GOVERNOR—T F CAMPBELL

The *Bulletin*, with a perseverance that is certainly deserving of better results than are now apparent, struggles to find a reasonable answer to the important question who should be Governor? It presents a forcible bill of indictment against the administration of Gov Grover and justly concludes that with such a record against him he should not now be endorsed by a re-election Every citizen, especially every tax payer who is not blinded by the illusions of partyism, can afford to endorse, thus far, what the *Bulletin* calls "a common sense view" of the political situation The charges of gross extravagance and unconstitutional legislation which we have repeatedly alleged against the present Executive, and which are directly traceable to him, have never been successfully answered, and they never can be explained away The long array of figures which indicate the extent of his culpability and mismanagement, stands an unyielding and impassable sentinel at the door of the Executive office to prevent his return We credit the people of Oregon with common sense enough to discern these grave delinquencies and hold Governor Grover responsible at the polls

Casting His Excellency aside as unfit and unsafe, the *Bulletin* considers the claims of J C Tolman, the Republican candidate Tolman, says the *Bulletin*, Tolman, the Great Unknown, was Judge of Jackson county for eight years, and during his official term "discharged above thirty thousand dollars of county indebtedness, and left the county treasury with a handsome cash balance." Good for Tolman! If he did this thing, the people of Jackson county need his services Let Tolman be again elected County Judge We don't want him "leaving" the State Treasury "with a handsome cash balance" But there is many an ex-County Judge in Oregon who can show a record equally as good as Tolman's How many of them are fitted for the high office of Chief Magistrate of a great State? The *Bulletin* knows, as we know, that Tolman left a very unfavorable impression on the people of Portland, in the recent discussion It is the general belief here, whatever it may be elsewhere, that he is a man of inferior intellect, whose mental passivities could be aroused by nothing short of an exhilarating scrub race Indeed, some of the *Bulletin's* warmest friends have been heard to say that "Tolman made an ass of himself" We are willing to credit them with candor

Of course, the *Bulletin* understands that Tolman is out of the fight The national administration wanted a figure-head, wanted to "preserve the integrity of the party," and Tolman wanted $2,000 That's all

Concerning the Independent candidate for Governor the *Bulletin* says "To vote for Mr Campbell is useless, *because he is the representative of no party*" Very true Mr Campbell is not the representative of any party—he is the representative of the people It is because of this, chiefly, that he has the heartiest support of the OREGONIAN The tax-paying people, not only of this State but of the whole United States, have come to look on a man who sets himself up as the representative of a party, and who asks for their suffrages simply on that ground, and not because of personal honesty and fitness for office—we say they have come to look on such a man as an individual who consents for a pecuniary consideration to stand between the treasury plunderer and the taxpayer A long and bitter experience with both of the old parties has forced well-nigh every man who values honesty in legislation and economy in administration above mere partisan victory to renounce his allegiance to the old political organizations It is because the welfare of the State and the prosperity of the individual are imperiled by bad men who have obtained control. The Custom House ring is not a name calculated to draw voters, and so the synonym—"the Republican party"—is retained And so with the Capitol ring, the Swamp Land ring, the Penitentiary ring and all the other rings that infest the State House at Salem, for these the most convenient title is "the Democratic party" Party organs may find some satisfaction in denying that the masses of the people are distrustful of party. We will not begrudge them this slight gratification, since it is the only source of pleasure that will be left them after the next national contest.

We are not among those fervent enthusiasts who believe that the old parties are to be destroyed in a day One of them is firmly rooted in power, an immense patronage is at its disposal, and shrewd politicians control its destinies But with all this it has a national reputation for jobbing and thievery In its limited field of action—State governments and small municipalities—the record of the other party is just as iniquitous These things are slowly but very surely exerting their proper influence The people are now looking to the no party men for relief It is generally understood that a change must be had in the method of conducting our State affairs We believe Mr Campbell is the man for the occasion He is not only free from the trammels of party, but he is in all respects admirably qualified for the office of Governor Honest, intelligent, studious and fearless—T F Campbell is by all odds the man best fitted to be Governor of Oregon for the next four years.

FREE WHISKY AT THE COURT HOUSE

It is said by those who profess to know, that Mr Kaywood is a very energetic worker We believe there may be some truth in it It is said, moreover, by reliable witnesses, that he finds time occasionally, during these warm days to drop the heavy burden of his official cares and officiate as bartender to the thirsty groups of susceptible voters who gather at his office. If free whisky is not dispensed over the counter in the Sheriff's office, and if Mr J M Caywood doesn't furnish it to gangs brought in by his "cappers," the people ought to know it But he does so, and he dare not deny it

THE CANDIDATES IN EASTERN OREGON

From private correspondence and personal interviews with several gentlemen who have recently come from Eastern Oregon we learn that the discussions have everywhere been largely attended by the people At The Dalles Mr Campbell was received with an enthusiasm that fairly startled the ring managers of both parties His speech, it is conceded by everybody who heard it was a splendid effort One of our correspondents writes "We were favorably disposed to the Independent movement, but I confess I did not expect to hear such an eloquent and zealous advocate of our local and State interests as T F Campbell proves to be Wasco county will give him *a handsome majority* This is no more than we had expected Wherever he has gone Campbell has won largely from his opponents Governor Grover is "struggling" along with his onerous burden of four years' administration, and poor Tolman—well Tolman's discomfiture is even more disastrous than it was here in Multnomah county And what worse thing could befall a hungry politician like the horse jockey from Jackson?

Davenport and Williams are getting along somewhat more pleasantly than was apparent here in Portland Slippery Richard preserves a discreet silence on his lobbying record Timothy has too many documents for him Mr. LaDow had not put in an appearance up to the time the candidates left La Grande (Mr La Dow is the Democratic candidate for Congress He is "wretchedly ill")

From all of the important points in Eastern Oregon we hear that the vote of next June will be "mixed" The closest calculators do not count on majorities The Democratic politicians would be much more comfortable could they feel assured of decent pluralities, even, for Governor Grover A large vote will certainly be cast for the Independent ticket, and that is saying a good deal for the stronghold of Democracy.

THE TEMPERANCE CANDIDATE FOR GOVERNOR AT THE DALLES

This brief paragraph is for the sole benefit of the Temperance people of Oregon Mr. J C Tolman, Republican candidate for Governor, is also the nominee of the State Temperance Convention held recently in this city Some people said at the time it was rather a queer thing for Temperance men to do, to endorse a man who was known to be a drinker and a constant patron of bars Well, the candidates for Governor spoke at The Dalles last Friday evening At the close of the discussion Mr Tolman, accompanied by a few personal friends, went to their hotel—the Umatilla House We do not know what vile imp of perdition suggested the wicked thought, but a gentleman who is interested in the defeat of the Jackson county individual invited him to take a drink, just a small one, for his stomach's sake and his constant infirmities, and in memory of the pleasant days when the Little Joker brought Jackson county out of debt, and all that sort of thing We hesitate to go farther, but the truth must be told, for Tolman's sake He yielded to the blandishments of the tempter In fact, he accepted the invitation to drink, with alacrity He looked upon the amber lager when it foamed in the mug, and looking frequently was heard—so rumor goes—to say "he didn't care a blank for the blank temperance nomination" Our correspondent adds, that when he left, a certain well known Democrat "had Tolman by the arm leading him up to the bar for another drink" We hope our Temperance friends understand, by the above, that their candidate for Governor was publicly drinking lager beer at the Umatilla House, The Dalles, last Friday evening That's all.

THE MEANNESS OF RING STRATEGY

From a time whereof the memory of man runneth not to the contrary, it has been a custom among rival candidates for county and State offices to notify each other of the times and places at which they intend to address The custom is an honorable one, and is based, we presume, upon the general belief that no harm can come to any good cause from fair and candid discussion We know of no sufficient reason why this custom should not prevail in our county canvass to-day We are reliably informed, however, that the candidates on the Multnomah County Republican ticket have already commenced their canvass and that they spoke at Sauvie's Island on yesterday—Wednesday We have taken some pains to inquire into the matter and we find that no one of the candidates on the Independent ticket had been notified of any arrangements for the campaign different from the announcement to be found in the columns of the OREGONIAN. It was to be expected, perhaps, that the Ring would take every possible advantage but we confess to being somewhat staggered at this astounding display of meanness We believe every right-thinking man will appreciate such despicable trickery at its full value

The Boston *Advertiser* the leading paper in Massachusetts of the anti Butler faction of the Republican party, heartily endorses the action of the young men of Worcester, to which we alluded yesterday It says "Important reforms are demanded which neither of the existing parties now seems disposed to insist upon and the young men who care little for old issues, can unite and make these reforms the basis of principle until they become the established policy of the nation"

In the Senate May 15th Mr Sargent offered a resolution, which was agreed to, directing the Secretary of State to take such action as will secure if possible, a return to the Senate of the flag manufactured of California silk heretofore presented to the Senate but loaned for exhibition at the Vienna Exposition

Senator Kelly appeared before the House Committee on Appropriations on the 7th inst in advocacy of an appropriation of $125 000 for a new revenue cutter for our coast line and the Columbia river

The good people of Jackson county regard the endorsement of Tolman by the State Temperance Convention as a ghastly joke

The old party fences are getting altogether too dilapidated to be of use and when new ones are built the herds will be found to have become considerably mixed—*Portland, Me, Advertiser* (*Rep*)

PUBLIC OPINION

How would this do for 1876? For President John A Dix of New York for Vice President Newton Booth of California—*Chicago Journal* (*Rep*)

We do not want to judge rashly we desire to wait until the evidence is in yet we must confess our suspicion that there has been shenanigan so to speak in the District affairs is hardening into a conviction—*Cincinnati Gazette* (*Rep*)

No corner grocery in the country could stand such management a month The capacity of any counter jumper between Maine and Texas would be equal to the work Secretary Richardson does and would probably do it better—*Springfield Mass Union* (*Rep*)

If ever there was a time in the history of the Republic when men of all parties should come together to consider the public good that time is now Everywhere whenever the party in power has the patronage official corruption is discovered in a more or less degree Rings, combinations and cliques are formed everywhere for the purpose of preying upon the honest masses of the people Such things are not right and such things must have an end—*Terre Haute Journal* (*Dem*)

To the Voters of Multnomah County.

BEING A CANDIDATE FOR THE OFFICE OF County Judge and having invited my opponents J H Woodward and W F Trimble to meet the voters of this County and discuss our County affairs and the policy for the next four years and they having declined so to do I propose to make a few statements on paper for you to think about

From July 1st, 1870 to May 1st 1874 there has been paid to the County Treasurer by the taxpayers of the County coin $180 155 00 borrowed from the Bank of British Columbia coin $10 000 amount accrued from fines forfeitures &c cur $2 645 90 with the largest delinquent assessment roll ever before known This immense sum of money is paid almost wholly by the men of moderate means who strive to keep out of debt and earn an honest living their taxes growing heavier each year

The County must and shall be run at less expense It must not cost more to keep a pauper at the County Hospital or Poor Farm than it would at a first class hotel The Police Court of the City of Portland should not cost the people of the County for State cases in fees for Police Judge an average of $275 per month nor for fees of Chief of Police in such cases $200 nor for District Attorney s fees in that Court alone from $200 to $300 per month These are matters that the County Judge should look to and you should exact a promise at least from your candidate for District Attorney that he will not allow so many petty cases brought that ought not to be taken in any court In the October term of the Circuit Court 1873 there were presented from these Courts to the Grand Jury 37 cases which were disposed of as follows 20 returned not true bills 17 indictments and 7 convictions These cases cost the taxpayers of the County perhaps seven thousand dollars as the witness fees alone cost more than $2 500 At the February Term 1874 there were presented to the Grand Jury 18 cases—nine indictments found and only two convictions, at an expense of full three thousand dollars

The people s money is pilfered in a thousand ways by those who must be rewarded for party work

It is reported that J N Dolph Judge Strong candidate for the senate and J H Woodward Republican candidate for County Judge each contribute largely to their respective electioneering fund yet neither of these gentlemen pay one dime of taxes

Fellow citizens taxpayers and voters I am before you for the office of County Judge I owe nothing to any party to any corporation or to any ring I intend to be elected The voice of the people will and must be heard I shall labor for reform for the reduction of your taxes for improving the country with good roads (always at the request of the persons interested) I am in favor of economy in public affairs and honesty in office and when elected I propose to labor for the reduction of taxes and for the honest and economical administration of our County affairs and will be at all times at my post when any business requires attention

THURSDAY MORNING MAY 21, 1874

CITY.

NO SABE TEAM.—There is a Chinese vegetable peddler about the city who is the proprietor of a team which has a chronic disposition to get from under his control whenever an opportunity presents. If left for a moment unguarded the team will start off at full speed, without any apparent cause other than a malicious disposition to run for the fun of the thing. Every few days the team may be seen dashing about the streets raising a cloud of dust, and scattering vegetables in all directions. A few days ago the horses took advantage of the old Celestial, ran away and did not think of halting until the wagon was capsized and the contents strewn along the street for a hundred yards. Last Monday the team attempted to run into the Stark street cistern but was prevented by the street car bridge and the timely interference of a number of officious bystanders. After much difficulty the horses were unhitched and secured from evil. Early yesterday morning this same team ran away while the driver was in the wagon. The old Celestial was planted at the roadside in a very undignified manner having alighted on his head instead of the opposite extremity, while the team continued on in its triumphant course, until the vehicle was effectually 'rid died.' Forty dollars between the blacksmith and the wagon maker will repair damages and some Chinese Esculapius will also get a small fee in the way of bodily repairs. Very naturally the driver indulges in mental profanity such as is not recommended in religious tracts, and has been heard to utter some very questionable adjectives in a loud stage whisper. Since this last mishap the driver, we learn, has confessed his inability—he can run an agricultural ranch but can't drive a Melican team.

TRIED AND ACQUITTED.—Several days ago a complaint was lodged against Walter Moffett by Mrs. Helen Stutzel. The complaint charged the defendant with having committed an assault on the person of the prosecuting witness. Mrs. Stutzel was among the Crusaders at the time they visited the saloon of Mr Moffett. The assault complained of consisted of some indignity which was shown the lady by Mr Moffett. The case was tried before Justice Ryan yesterday afternoon. L A Cronin appeared as counsel for the defendant and Geo H Durham, District Attorney, represented the State. A jury was demanded, and the following gentlemen were chosen, and after the usual questions were empanneled: John Messick, J R Golden, F X Auer, S Blumauer, A Burchard, H Bones. A number of witnesses were examined and considerable cross questioning followed, so that the case progressed very slowly, and consumed the greater portion of the day. About 3 o'clock the case was submitted to the jury. After an absence of a few minutes they returned a verdict of not guilty, whereupon the defendant was dismissed.

BROUGHT OVER.—Geo D Goffin the old man who was arrested at Vancouver a few days ago on the charge of adultery committed with his step-daughter, and placed in the custody of the Sheriff of Clarke county, was brought over to this city yesterday morning, and placed in the city jail. On the 18th inst. a warrant of extradition was issued by Governor Ferry, of Washington Territory on a requisition from Governor Grover, of Oregon, for the arrest and conveyance to the line of this State of Coffin. He was placed in the jail for a short time, and was taken up on the [illegible] train. He will be required to give bonds if held to answer the grave charge at the preliminary examination or in default committed to the county jail at Salem. Coffin appears very much dejected. He declares that 'tis all a 'put up job' that the charges are trumped up and instigated by malicious motives. He says he is entirely innocent of the charges and hopes to successfully refute every charge preferred.

STEAMER "WELCOME" LAUNCHED.—When it became necessary to rebuild the hull of the old steamer *Fannie Troup*, after she run on a sunken snag last winter, it was determined to change the name. Last Saturday the hull and upper works were completed, and the craft was launched from the ways, at the same moment she was christened the "*Welcome*." This all-new boat presents a very handsome appearance. The model is very good and, from appearances ought to skim rapidly through the water. The dimensions of the *Welcome* are larger than those of the *Fannie Troup*, and the boiler and working capacity of the engines have been correspondingly augmented. Having been thoroughly overhauled at the workshop at the Dalles, the engines will be placed in the boat at once and she will be ready to make the trial trip in a short time. The *Welcome* has been constructed after the model of the *Beaver*—of light draught.

WHEAT COMING DOWN.—Above the Dalles the Columbia has reached a splendid boating stage, and the river fed by the vast quantities of snow which are yielding up their watery stores under the dissolving temperature of a vernal sun and an elevated temperature, continues to rise very rapidly. Both the steamers *Tahoma* and *Owyhee* are engaged in bringing down large quantities of grain which have been stored for months at Wallula and intermediate points. Considerable difficulty, however, is experienced by the Company in procuring men to handle the grain. Almost every day numbers are sent up to take the place of those who have declined to work. Numbers, after working for a few days refuse to stay longer, saying that the labor which they are called upon to perform is too heavy for the compensation so the Company are compelled to send up more men to supply the vacancy.

MISS DORA MCCORD.—This young lady lectured at Oro Fino Theater last evening to a fair audience, her subject being "Temperance and Fashion." Miss Dora, for one so young—11 years—speaks remarkably well. Her lecture was without doubt the production of another brain, and contained many good practical thoughts and suggestions. It was spoken purely from memory, but notwithstanding this fact the young lady did very well, the efforts agreeably surprising her many friends. Her gestures were somewhat stiff and artificial but her voice and elocution we pronounce excellent. Her appearance on the stage is easy and self-possessed and her address quite engaging. She will lecture again this evening.

THE GALLANT TWENTY 'THIRDERS.'—The Denver *Tribune* makes the following favorable mention of the gallant soldiers of the Twenty-third Infantry: "The rank and file of the Twenty third Infantry, writes a correspondent, gratefully thank the General of the army for his characteristic encomiums of the Twenty-third, made recently before the Committee on Military Affairs and feel proud that the old hero has so signally recognized their long and arduous service in Oregon and Arizona. For seven years the Twenty third Infantry has been scouting, fighting, escorting and working. No carpet knights these gallant boys of the dashing and dauntless Twenty-third.

AN UNUSUAL CALL.—Several ladies connected with the Temperance Prayer League, headed by Mrs H H Stutzel who held in her hands the order from Justice Crich for the release of Mr Carroll marched into the Sheriff's office yesterday. Mrs Stutzel presented the documents to Deputy Sewall. That gentleman invited the ladies to seats, and after waiting some moment they retired to the Methodist church. The officials about the Court House were somewhat surprised at the unexpected appearance of the ladies who seemed to be highly gratified on being able to present the order for the release of one who had taken a lively interest in behalf of the temperance movement.

THE FEAST OF WEEKS.—This evening commences the Hebrew festival called the Feast of Weeks, of Pentecost, a day celebrated in commemoration of the delivery of the Ten Commandments on Mount Sinai to the children of Israel. Impressive services will be held at the Synagogue Beth Israel this evening at 7 o'clock also to-morrow at 9 o'clock A. M. We learn that a number of youths will be confirmed. Confirmatory ceremonies will commence at 10 A M to-morrow.

A DOCTOR ON HIS TRAVELS.—Dr. Peter Thomas, a colored physician who once practised the tonsorial profession and advertised himself as a healer of diseases, making a specialty of all the ills that human flesh is heir to, has wandered off into Arizona. He was lately tried at Prescott for practising medicine without a diploma and is now reported in trouble at Tucson for a similar offense.

DEAD.—Mr J M Fryer an old and well known merchant of Portland died at St Joseph yesterday morning at 11 o'clock. For the last month Mr Fryer has been in poor health and very much depressed in spirits—at times almost amounting to derangement. Mr Fryer has resided in Portland many years and been engaged most of the time in mercantile pursuits. He was a highly respected citizen strictly upright and honorable in all his business relations and a kind husband and father. His death will be greatly felt in this community where he has so long resided. He leaves a wife and several children to mourn his loss.

WRIT OF HABEAS CORPUS.—Yesterday morning a writ of habeas corpus was sued out in the case of J W Carroll who was held to answer last week on the charge of breaking a gong at the time of the row at Moffett's saloon before Judge Upton. Carroll was held to answer the charge in the sum of $100 which he declined to give and was committed to jail. The motion was argued at some length by counsel and taken under advisement by Judge Upton until this morning. In the meantime Carroll gave the required bonds and was released.

SHOOTING HOGS.—A German named Fred Miller was arrested a few days since near Rooster Rock on the charge of maliciously shooting his neighbor's hogs. He was arrested by Constable VanSchuyver on complaint of the aggrieved party and brought before the Justice of the Peace in Powell's Valley. Miller was held to answer the charge. He was unable to furnish the required bonds and was committed in default to the county jail. He arrived here yesterday in custody of the officer.

ASTORIA ROWING CLUB.—The town of Astoria is ahead of Portland in one respect. She has a fully organized active rowing club, composed entirely of young ladies. The members are the two Misses [illegible] two Misses Taylor two Misses Whitelaw and Miss Carrie Van Dusen. We should like to see them come up here and [illegible] away with our champion rowers of the male persuasion and we expect some of the latter would like to be got away with.

COMMON COUNCIL.

REGULAR MEETING, MAY 20 1874.

The Common Council of the city of Portland met pursuant to order. His Honor Mayor H Failing in the chair. Present W S Caldwell Clerk J H Lappeus, Chief of Police and Councilmen Burton, Hoyt and Story. Absent, Caywood, Hill, Lyon, Moreland and Russell.

The roll was called and no quorum being present Councilman Story moved that the Chief of Police be instructed to bring in the absent members. The motion prevailed and Chief Lappeus started out in search of the absentees.

During the absence of the officer Councilman Russell appeared and took his seat.

Here five ladies entered the Council Chamber and inquired if the Council was in session. The Auditor politely informed them of the situation of affairs, and they took seats in the lobby to await results.

Slowly the moments rolled by as the assemblage stood locked in inactivity awaiting the arrival of the Chief with the supplemental member to make up the five necessary to move forward the wheels of the municipal government. Presently the officer returned and in weary tone of voice reported that he had been unable to discover the whereabouts of the non attendants and despairing of obtaining the presence of the desired quorum a motion to adjourn till next regular meeting was made and carried and the Council so adjourned.

SECOND DAY'S PROCEEDINGS OF THE GRAND LODGE.

The Grand Lodge met pursuant to adjournment, officers and quorum of representatives present.

Journal of Tuesday read and approved.

The Grand Conductor then introduced Past Grands J K Miller of No 1, [illegible] C Conser of No 27, F B Hundley of No 30, Jas A Smith of No [illegible], B Johnson of No [illegible] W [illegible] and the Grand Lodge Degree was duly conferred upon them.

The Finance Committee to whom was referred the Actuary's report recommended that it be referred to a select committee of three who are members of the Insurance Association. In accordance with the suggestion the Grand Master appointed H R Moores of No [illegible], A J Simson of No 18, [illegible] H Stolte of No [illegible] as members of said committee.

The Finance Committee reported in favor of the payment of the bill of Bachtel & Stolte of $[illegible]. Report adopted.

The Special Committee on Circular Letters from Jas L Ridgely G C Secretary of the Grand Lodge of the United States submitted the following report:

ODD FELLOWS HALL, PORTLAND May 20 1874.

To the Grand Lodge of Oregon in session. The undersigned to whom was referred the correspondence of the Grand Master not otherwise disposed of, have examined the circular letter of Grand Secretary Ridgeley relating to his proposed work on the History of Odd Fellowship authorized by the Grand Lodge of the United States at its last session in which he recommends the appointment of a State Historiographer or Annalist to aid him in its preparation.

It is in the opinion of your Committee very desirable that the jurisdiction of Oregon should furnish a chapter for this great history that will be alike creditable to the jurisdiction and valuable to the distinguished Brother charged with its execution. Such a chapter will not only inform the Fraternity abroad of the rise and progress of our beloved Order, but will attract attention to our flourishing young State and to the adjacent Territories embraced in this jurisdiction as the prosperity of the people is more or less indicated by the advancement and growing importance of the Order. With a view therefore to securing the information desired by Brother Ridgeley in the circular letter alluded to, we respectfully recommend the appointment of Past Grands Gatch, Parrish and Terry as a committee to procure the preparation of a history of the Order in this jurisdiction to be forwarded to Brother Ridgeley without unnecessary delay and that they be authorized to employ Past Grand Master Barnum or some other Brother having the time and capacity for the work to assist them. And for the services of the person so employed we recommend that a warrant on the Treasurer be drawn in favor of the committee for the sum of —— dollars.

Fraternally submitted.

J J MURPHY,
T [illegible],
HENRY BOWMAN,
Committee on Correspondence.

The following amendments to the Constitution of the Grand Lodge of Oregon were considered as follows:

Resolved That Article II Section 1 of the Constitution be so amended as to read as follows: This Grand Lodge shall meet annually on the third Tuesday in May at 9 A M at the city of Portland and continue on its own adjournment. *Provided* that the Grand Lodge may meet as often as once in three years at such other place as a majority vote may determine.

Adopted by a two thirds vote.

The following amendment was then adopted. Amend section 3 of article I so as to read as follows:

The election of officers of this Grand Lodge shall be chosen by ballot on the first day of the session and the installation shall take place on the last day of the session unless otherwise ordered by a two third vote of the representatives present. *Provided* that a majority of the votes cast shall be necessary to a choice.

An invitation was received and accepted from Hassalo Lodge No 15 to visit them to-morrow evening. Also from Minerva Lodge No 1? to visit them on this evening.

On motion of Representative Bundgrass of No 15 of W T the Grand Lodge resolved to go into secret session at 2 o'clock P M.

The Committee on Laws of Subordinates made a report approving the by laws of the following Lodges: Ochoco No 46, Ashland 45, Louisville 44 and Rebekah Degree Lodge No 4.

Representative Meier, of Umpqua No 37, offered the following resolutions, which were adopted:

Resolved That the Representatives elect of Umpqua Lodge No 7 I O O F are hereby requested to present the following resolution to the R W Grand Lodge of Oregon and that the Grand Representatives be instructed to present the same at the next Annual Communication of the R W Grand Lodge of the United States and to use all honorable means for its adoption.

Resolved That Degree Lodges of the Daughters of Rebekah are hereafter authorized to admit to membership by the vote required by the regulations of the Grand Lodge authorizing them to admit female applicants over eighteen years of age provided they are daughters of Scarlet Degree members of the Order in good standing or daughters of Odd Fellows of the Scarlet Degree who died in good standing.

The Committee on the State of the Order made the following report which was adopted:

To the R W Grand Lodge of Oregon. Your Committee upon the State of the Order to whom was referred the District Deputy Grand Master's reports beg leave to report: That they have examined the same and find nothing therein requiring the attention of this Grand Lodge but they find such reports in the main very meagre and unsatisfactory being mostly reports of installations and other official acts and containing but little information upon the state of the respective districts.

GEO W JORDAN,
C W STARR,
D M THOMPSON,
W S AYRS,
I N DOLPH,
Committee upon the State of the Order.

Grand Lodge adjourned until 1:30 P M.

AFTERNOON SESSION.

Grand Lodge met pursuant to adjournment.

The Committee on the State of the Order reported favorably on that portion of the Grand Master's Annual Address recommending the appointment of a committee for the purpose of revising and digesting the laws of the Grand Lodge and further recommending the appointment of a committee of three persons to be appointed after the installation and include the R W G Secretary who shall report upon the first day of the next Annual Communication of this Grand Lodge.

The same committee reported adversely to that portion of the Grand Master's address relating to the re districting of the jurisdiction and appointment of District Grand Committees.

The Committee on Finance to whom was referred that portion of the Grand Master's report in reference to the sale of the remaining copies of the printed Proceedings in bound form from 185? to 1866 at the sum of $1 per copy recommended the same be adopted.

The hour having arrived the Grand Lodge resolved itself into a secret session and after some time spent therein the Grand Lodge resumed the regular order of business.

The special committee appointed at the last annual communication to revise the Constitution and By Laws made a lengthy report which was on motion accepted.

The hour having arrived the Grand Lodge adjourned until this morning at 9 o'clock.

A new base ball club has been organized called the "Molocks." They are bound to be defeated every time.

The water in the Columbia is rising at the rate of from ten to twelve inches per day. This is very rapid for the present stage of water it covering so much surface.

The great question which absorbs the minds of our people just at present is, Who is to be our postmaster. We hope the question may soon be settled so we may think and talk of more important matters.

Picnics are all the rage. Our Hibernian friends joined with the Hibernians of Portland on Tuesday in a picnic on Sauvie's Island. They all came home in fine spirits or telling that they had had a jolly time. The children of the Sisters' school are having a picnic to-day. Several more are to come off soon.

The Executive Committee of the Vancouver Bible Society held a meeting last evening when business of importance was transacted. Arrangements were effected for making a final report of the affairs of the Society at a public meeting to be called the second Monday in June next. It is hoped that the committee will make a full and complete report of their affairs that the public may have some light on the vexed questions which been troubling the Society for three or four years past.

We were shown yesterday by G W Traver (which he has just received from the Company) a *fac simile* of the gold medal awarded to the Home Sewing Machine at the Fair of Mechanics Institute New York 1874. All the leading machines were on exhibition and this new competitor carried off the first premium offered sewing machines. The medal is well executed and can be seen at the agency corner of Third and Morrison streets. A large invoice of this popular machine arrived per steamer.

The Old Story.

In the greenest growth of the Maytime
I rode where the woods were wet,
Twas between the dawn and the daytime
The spring seemed glad that we met.

There was something that the season wanted
Though the woods and the ways smelt sweet—
Twas the breath of your lips that panted
The pulse of the grass at your feet, etc. etc.

The genius who wrote these verses was very certainly in love. With that emotion as the natural way he must have been inspired. He next week will get housekeeping and his candies as a matter of course from W A Hart [illegible] corner of First and Washington streets [illegible]

THE MAID AND THE ANGEL

White bird and white bird!" sighed a pensive maid
Sitting by the sunset in her lattice shade
Round the trellised roses made a glow and grace
But the fairest thing there was the maiden's face

Past there went an Angel Grievest thou?" he said,
'Yea I weep the white bird down the thicket fled
Could I but have caught him I had then been blest
O my white my white bird let me find thy nest

From her side the Angel hastened down the land
Came again the white bird perched upon his hand
Laughed the happy maiden clapped her hands in glee
O my pretty white bird, come and live with me!

Wild bell and wild bell!" so she sighed once more
Sitting in the sunset as she sat before
Once more came the Angel "Why that pensive cheek?"
"O I want the wild bell blowing up the peak."

"Where is then the white bird?" Here within his nest.
White bird and wild bell—then I shall be blest
So he brought the wild bell from the dreadful peak
Gladness came for sadness in her eye and cheek

Pink cloud and pink cloud!" on the morrow eve
Went the little heart again O and still you grieve
Said the passing Angel What will make you blest?"
'Yonder tiny pink cloud floating in the west.'

Then he brought the pink cloud but when morning came
From its form had died out all the tender flame
Like a little smoke wreath on the air it lay
Withered was the wild bell, the bird had flown away

' Bright star, and bright star!' wept the maiden sore
Then again the Angel stood beside the door
' Bring me yonder bright star—something from above,
Earth I see has nothing that will do for love

Down he brought the bright star—O and how it shone!
But before the day rose all its light was gone
Ay, before the day rose —in the open day
All the silver bright star was a lump of clay

When the Angel passed again she was sitting pale
Earth and sky had failed her and her heart must fail,
Said the Angel "One thing one thing giveth rest
Who is blest with one thing he indeed is blest.

"God's love, and God's love!" sighed the maid again
Waited for the angel, and waited not in vain
Lo the gift of God's love bare he to her breast
' God's love and God's love!—here at last is rest!'

—*Good Words*

A SPEECH FROM BRIGHAM YOUNG

A correspondent of the Salt Lake *Tribune*, writing from Kanarah, Utah, gives an account of the arrival of Brigham Young at that place, and of a lecture which this Head of the Latter-day Saints delivered there It will be seen that the correspondent parentheses the speech occasionally with his interpretation of Brigham's expressions Following is the report of the lecture

If we would let our minds be controlled by the spirit of the Lord, we could learn more in one day about the Kingdom of God than we can now in a month or a year But we do not strive to build up Zion, the people do not pay their tithing—not one-half of it If the people had paid their tithing, as they should have done, we would have had means enough to have purchased Jackson county, and should have been in possession of it. We would have had enough of it to have gathered the poor Saints, to build temples and carry on the work of the Almighty You are a lot of

POOR, MISERABLE CREATURES

You are going Babylonward like a mighty flood, and if you do not repent you will

LAND IN HELL.

You keep back the tithing, the poor, miserable pittance that is allowed the priesthood for a sustenance Some of you will say you are co-workers with Jesus.

I SAY YOU LIE.

The time will come when you will say, "Lord, have we not prophesied in thy name and done many marvelous works?" and He will say, "You have acted the fool, yet withal you are the best Latter-day Saints there are."

Boys whose fathers are good men—very good men—men who pay considerable tithing, will go out to Pioche and drink whisky, get drunk and

SHAME THE GENTILES IN PROFANITY

Then they will come home and are held in full fellowship—pretty good fellows (?) Poor, miserable cusses, not fit for any society! When our farmers raise a good crop of grain they will lug it out to Pioche, and force it upon our enemies, who would cut our throats if they had the opportunity, and yet they are not willing to pay their tithing, we do not get

ONE HUNDREDTH PART OF THE TITHING.

Last year Sanpete county raised two hundred and forty-four thousand bushels of wheat Just think what the tithing of that would have been! The Gentiles say we will make these Mormons sell us their grain at our own prices, and they do it, too, and will continue to do so as long as we are fools enough to let them

I want a people that will serve God and build up His Kingdom, that are willing to go into the work soul and body. If there is only one hundred Saints in the whole Territory who are willing to go into this

UNITED ORDER,

I will go into it, and we will build up God's Kingdom. All you have is the Lord's (Brigham's?) and

HE WANTS IT.

I will tell you what the Prophet Joseph would say had he lived—or what he used to say to me, he would say "Brother Brigham, have you any money?" yes, I would say; and if I had any I would put my hand into my pocket and give it to him, or if I had none I would go and borrow it for him. But the position which I occupy toward this people does not warrant me in doing as Brother Joseph would have done forty years ago When the Lord gave a revelation to his people to pay tithing

THEY WOULD NOT PAY IT.

The Priesthood could only get a few old cows that the wolves had eaten their bags off, or a few old oxen, or some old ring-boned horses that were useless, or land that was not good for anything The people were like a man in Nauvoo, who came to our trustee and offered him a horse on tithing He said he

WANTED TO DO SOMETHING FOR THE CHURCH

He told Brother Calhoun if he would pay him forty dollars in cash, he would turn the other forty in on tithing That horse was positively not worth forty dollars! We do not want the people's money, we want your hearts and feelings, and to

CONTROL YOUR TIME AND LABORS,

And these things will follow, of course

We want to control your time and labors so that we may be able to redeem Zion when the time shall come Give me money enough and I can buy all the United States

I CAN BUY ALL OF CONGRESS

I can buy all the preachers in the United States Give them their bread and butter and they will preach any doctrine (There may be a few honorable exceptions). The priests have no faith in their religions

We want to organize the people into co-operations to raise grain, cotton cattle and everything that is necessary for our sustenance We want to manufacture every article that is needed for our own use At St George we intend

TO MAKE SHOES,

With cloth tops and wooden bottoms, they will be more healthy in that wet, sandy country (!) We will import no more three dollar shoes, we will manufacture our own hats at a cost of from sixteen to eighteen cents and everything will be proportionately low To proceed in this way we will save our means for the building up of the Kingdom of God, We do not want this people to import any more goods from the States, but we wish to manufacture everything at home that is needed My father used to say take care of the penny and the dollars will take care of themselves.

I HAVE TO [illegible] CALL OF THE DOLLARS!

If we go into this United Order and manage properly we can do double the work For instance, we can plow sandy land long before we can plow clay land and so it will be in harvest time The grain that is put in first can be harvested first We must do something every day for the idle shall not eat the bread of the laborer We must save everything and market it to the best advantage The day will soon come when we will manufacture every article that we need

AT PRESENT WE ARE BEHIND THE WORLD

In a knowledge of financial matters but we must learn to make ourselves self-sustaining We will have the best of schools where all the sciences will be taught I have nothing of my own—it is all the Lord's (Brigham's), and when the Lord wants it he can have it (by paying three per cent) In this holy Order we will have no masters (but Brigham and his Priests) but fathers We shall become fathers of fathers and Gods of Gods And n

Exchange on San Francisco at ¾ of 1 per cent premium

Wheat in Liverpool via mail advices from San Francisco 12s 1d@12s 5d for average California, and 12s 8d@13s for club

The latest advices from the East furnish evidence of the existence of continued dissatisfaction among business men at the delay of Congress in settling upon some definite policy in regard to the currency question Under the new currency bill proposed by the Senate, the plan for the resumption of specie payments is very much like that in the Sherman bill of the preceding session It is summarized as follows That after the 1st of January 1877 United States notes to the amount of $1 000 or any multiple thereof, may be exchanged for registered bonds of the United States redeemable in coin at the expiration of ten years such bonds bearing interest at the rate of five per cent This section has been amended also on motion of Wright reducing the rate of interest to 4½ per cent fixing the time for the commencement of the issuance of the bonds at January 1 1878 and extending the period in which they shall be redeemable from ten to fifteen years The Sherman bill, we believe passed the Senate last year but failed in the House Whether it will receive different treatment this year is yet unknown but advices now indicate that the plan will be much modified before it goes to the President The House bill fixes the date at which the United States bonds are to be issued at a much earlier date than Sherman's, namely January 1 1877 There is only one point in which the Senate bill appears more favorable to those who desire an early resumption of a coin currency—that is that whereas the House bill extends the term for the redemption of the notes to be issued to thirty years the Senate reduces the time to fifteen

The shipments of treasure from San Francisco for April through regular mercantile channels amounted to about $2 850 000 Most of this went to New York by rail to be reshipped thence to London and Paris The only remittance by the Panama steamer was $90 000 in fine silver to England Both of the China steamers took large amounts mostly in trade dollars

The loaning of over $100 000 in this market during the past few days at terms below one per cent per month, is a sufficient indication of the amplitude of the money supply here for the ordinary demand when we consider the rates that have heretofore prevailed.

A Department of Commerce.

It has been heretofore stated that the proposition would be brought in before the end of the session to create a Department of Commerce. Senator Windsor who has given much attention to the matters which would properly belong to such a Bureau on the 15th of May introduced a bill to provide for its creation and the appointment of a person at the head of the Bureau, who shall be styled Commissioner of International Commerce His duties shall be to gather collect and annually report to Congress statistics and facts relating to commerce among the States, and especially as to railroads, their charges, management, etc. The bill provides that it shall be obligatory on all corporations to make annual reports to said Bureau
